A Vision for SUCCESS
Ophthalmology at UC Irvine

- The Gavin Hebert Eye Institute is a state-of-the-art $39-million facility stocked with the latest genetic medicines and surgical lasers dedicated to ending blindness.
- UCI doctors treat cataracts, glaucoma and more than 100 other eye diseases.
- Ten GHEI physicians grace Best Doctors Inc.’s list of “Best Doctors in America.”
- Blindness afflicts or threatens 300 million people worldwide.

Orange County is the center of vision care research in the world, with more than 20 companies operating here.
