UCI received the most in-state freshman applications for fall 2020 of all UC campuses. The university is in the top five of all U.S. universities for the number of undergraduate applications received for 2020-21. UCI is the #1 Best College in the U.S. — MONEY. UCI is a Public University ranked #9 among leading research universities elected into the prestigious Association of American Universities. Most applied to UC campus as aspiring freshmen for a second year in a row for California's 200,000+ Anteater alumni. Upward Socioeconomic Mobility: More than half of UCI bachelor's degrees awarded in 2019 went to first-generation college students. This large percentage of traditionally underserved students is one reason why UCI has twice earned the No. 1 spot in a New York Times ranking of universities "doing the most for the American dream." UCI is recognized as Top 10 for 10 years — Sierra magazine. #1 Cool School in the U.S. for sustainability among public universities. #1 Best Value.

### #1 University

Doing the most for the American dream—The New York Times

2017 College Access Index

### #1 Best Value

Forbes Best Value Colleges 2019

### Upward Socioeconomic Mobility

More than half of UCI bachelor’s degrees awarded in 2019 went to first-generation college students. This large percentage of traditionally underserved students is one reason why UCI has twice earned the No. 1 spot in a New York Times ranking of universities “doing the most for the American dream.”

### Welcome home!

200,000+ Anteater alumni

---

*Sierra magazine*
Let’s Create a Brilliant Future Together
UCI’s Brilliant Future campaign is the largest philanthropic campaign in Orange County history. The campaign will provide UCI an opportunity to engage the community and demonstrate, like never before, our passion for what UCI stands for.

Together with the community, we’re looking to transform healthcare and wellness as we know it. We will continue to advance the American dream through student success and accelerate world-changing research. We will illuminate, challenge and explore the human experience.

By the Books. The UCI Libraries receives over 1.7 million visitors a year to its four facilities: Langson Library, Science Library, Grunigen Medical Library, Law Library and Gateway Study Center.

A Storied Art Collection
An exquisite, unparalleled collection of nearly 5,000 paintings, sculptures and other pieces will make UCI’s planned Institute and Museum for California Art the nation’s premier showcase for Golden State artwork. The museum will house The Buck Collection, a wide-ranging trove that was willed to the university by developer Gerald Buck, and The Irvine Museum Collection, which consists of more than 1,500 works of California plein-air art amassed by the Irvine family. The museum will be dedicated to the exhibition, preservation and study of California art from the early 19th century to the present.

Teaching Excellence and Innovation
UCI’s Anteater Learning Pavilion is flipping traditional teaching on its head. Many professors use the state-of-the-art building to engage students in research-backed active learning that not only improves grades, but fosters teamwork and other lifelong skills.
**UCI Health**

As the only academic health system in Orange County, our multifaceted organization is dedicated to the discovery of new medical frontiers, to the teaching of future healers and to the delivery of the finest evidence-based care. We are unique in our ability to provide the most compassionate healthcare because we’re driven by our passion for innovation, grounded in the best medical and scientific knowledge.

**Reimagining the Future of Health**

Funded by a record-setting $200 million naming gift from longtime UCI supporters Susan and Henry Samueli, the Susan and Henry Samueli College of Health Sciences is the first university-based health sciences enterprise to incorporate integrative health research, teaching and patient care across its schools and programs, including medicine, nursing, pharmaceutical sciences and public health.

**Chao Family Comprehensive Cancer Center**

**OC’s only comprehensive National Cancer Institute**

— National Institutes of Health

**Where the Humanities, Arts and Medicine Meet**

UCI’s Center for Medical Humanities offers a thoroughly interdisciplinary and interprofessional approach to understanding how people make meaning out of sickness, health, health care and the body. CMH marshals the intellectual and creative resources of faculty, students, and staff from humanities, arts and medicine — and partners with colleagues in other schools to build a collaborative environment.
A Storied Art Collection

The Irvine Museum Collection, which consists of 1,500 works of California plein-air art was willed to the university by developer Gerald Buck, and will house The Buck Collection, a wide-ranging trove that will be the premier showcase for Golden State artwork.

Connecting UCI and the Business Community

UCI Beall Applied Innovation brings campus-based inventions and entrepreneurship together with Orange County’s vibrant business community to support job creation and economic growth.

Technologically Speaking

From circuits and systems to software engineering and human aspects of computing, the Donald Bren School of Information & Computer Sciences is the only ICS school in the University of California system.

World-class

The 2020 Times Higher Education World University Rankings have UCI listed in the top 100.

Mascot: Peter the Anteater

Surf’s up. In 2017, UCI was ranked the No. 1 college for beach lovers by Money magazine.
The Irvine Museum Collection, which consists of 1,500 works of California plein-air art was willed to the university by developer Gerald Buck, and plans for a premier showcase for Golden State artwork are being made. The museum will be dedicated to the exhibition, a Storied Art Collection.

The museum will stand as a testament to the Irvine family. The museum will be dedicated to the exhibition, a Storied Art Collection.

A Storied Art Collection

An exquisite, unparalleled collection of nearly 5,000 paintings, sculptures and other pieces will make UCI’s largest philanthropic gift, the Irvine Museum Collection, available to students and the public. The museum, planned Institute and Museum for California Art, was willed to the university by developer Gerald Buck, and plans for a premier showcase for Golden State artwork are being made. The museum will be dedicated to the exhibition, a Storied Art Collection.
